

STATE OF ALABAMA DEPARTMENT OF  
**PUBLIC HEALTH**

Donald E. Williamson, MD  
State Health Officer  
November 12, 2014

Gregory G. Fitch, Ph.D.  
Executive Director  
Alabama Commission on Higher Education  
100 North Union Street  
Montgomery, AL 36104-3578

Dear Dr. Fitch:

The Alabama Department of Public Health (ADPH) is partnering with the Alabama Commission on Higher Education to provide information related to Ebola Virus Disease (EVD). To assist your educational institutions, ADPH has created an Ebola Toolkit. While the likelihood of an educational institution encountering an individual with EVD is extremely low, we want all of your administrators to be prepared.

The Toolkit includes the following resources:

1. What You Need To Know About Ebola, CDC
2. Attention International Travel Poster (English and Spanish)
3. Ebola Protocol
4. ADPH EVD Screening for Outpatient Facilities and Pharmacies
5. ADPH EVD Self Monitoring Chart
6. Information from ADPH Ebola Home Page

This emerging event is changing rapidly so please refer to the CDC and ADPH Ebola Websites often. Through effective communication and coordination, we can reduce the amount of potential exposure. If you have any questions about Ebola, please contact the Epidemiology Division at 1-800-338-8374 or [www.adph.org/ebola](http://www.adph.org/ebola).

Sincerely,

A handwritten signature in blue ink that reads "Mary G. McIntyre".

Mary G. McIntyre, M.D., M.P.H.  
Assistant State Health Officer  
Disease Control and Prevention
