RESIDENCE HALL

Residence Hall living at Lawson State Community College (LSCC) will be a unique experience for many students and can prove to be both educational and socially enriching. By selecting LSCC, a student also selects the policies and regulations of the College. It is the student's obligation to become familiar with the policies and abide by them. Students who feel that certain rules are unnecessary or unjust will have an opportunity to express their feelings and recommend possible changes to the Residential Council.

The staff in the Residence Hall seeks to provide educational, social and cultural advantages for the students. The Residence Hall is designed to provide a relatively home-like and friendly atmosphere along with experiences in residential living. The residence hall is more than a place to sleep; it is an opportunity for learning and personal growth.

The Assistant Dean, Director of Housing and Residential Life, Residence Hall Manager and the Resident Assistants are responsible for administering campus student housing policies and procedures. Students are responsible for monitoring their own behavior as well as the behavior of others in their community. Resident Assistants are available to assist in documenting behavior that violates College and campus student housing policies.

RESIDENCE HALL PERSONNEL

Director of Housing and Residential Life

The Director of Housing and Residential Life is a full-time staff member within the Student Services Division, reporting directly to the Dean of Students.

Residence Hall Manager

The Residence Hall Manager is a full-time staff member reporting directly to the Director of Housing and Residential Life.

Resident Assistants

Resident Assistants (RAs) are currently enrolled students who assist with management and activities of a floor in the residence hall. The RAs are responsible for a particular section of a floor. However, he/she has authority anywhere in the building or around the building (e.g., parking lot and grounds). At times, as designated by the Residence Hall Manager, the RAs authority may be extended to include other areas on campus. These students are selected from leaders on the

campus. They provide and facilitate opportunities and activities designed to contribute to the personal growth, development and education of each resident. They are also responsible for maintaining an atmosphere which is conducive to living and learning in a safe environment.

Residence Hall Council

Each residence hall elects officers to represent the residents. These officers will comprise the Residence Hall Council. The council works closely with the Residence Hall Director, as an advisor. The council is responsible for planning social events and assists in the planning of recreational activities. The members of the council review and implement, if feasible, suggestions from the residents.

RULES AND REGULATIONS

Residency Requirements

All students residing in the Residence Hall are required to retain their residence for (fall and spring semesters) or the remaining portion thereof, unless they withdraw from the College. **The *Statement of Terms and Conditions of Occupancy* - outlines a number of provisions for living on campus. A signed *Statement of Terms and Conditions of Occupancy* must be on file in the Housing and Residential Life Office. A parent or guardian must sign the agreement for any student under eighteen (18) years of age. See the *Living Learning Residential Facility Handbook* for additional requirements.**

Room Occupancy Policy

Occupancy is defined as having signed a *Statement of Terms and Conditions of Occupancy*, received a room assignment and received a key to the assigned room. Charges will begin upon the receipt of the room key. Only the contracted student is permitted to live in the assigned room. The student may not, under any condition, sublet the room to another party or move to another room without authorization from the Housing and Residential Hall Director. The Housing and Residence Hall Director reserves the right to change a student's room assignment at any time during the contract period, when it is in the best interest of the College and/or student involved.

Room Assignment Policy

1. Residents will be assigned the residence hall room and roommate on a random basis, based on the date of receipt of the residence hall application. Prospective residents who desire to room together should both list each other as the desired roommate choice upon application. All updates to such requests must be made prior to the officially published move-in date.
2. A resident may request a change in room assignment. However, the resident must complete a *Room Change Form*. Room changes must be recommended by the Residence Hall Manager and approved by the Director of Housing and Residential Life.

3. Spring semester residence hall students may request reassignment to their current room for the upcoming fall semester by completing an updated residence hall application, requesting the same room and the same roommate.
4. If an assigned room is not occupied by the last day of regular registration, the room will be reassigned to another student.

All prospective residence hall students must complete the application packet, which includes:

- a. *Application for On-campus Student Residence and the*
 - b. *Statement of Terms and Conditions of Occupancy*
 - c. *Student Health Form (which must be presented at the time of check-in. No student will be permitted to move in without this form.)*
5. The \$200.00 application fee is nonrefundable, unless the student notifies the Residence Hall Director, in writing, 30 days prior to the first day of class of the semester for which the student plans to attend.
 6. All residents should register, with the Residence Hall Manager, all appliances and musical instruments by model number, brand name, serial number or any other markings that might be used to properly identify the property. This will assist staff and campus police in their efforts to assist with recovery lost or stolen property.

Keys

It is important that all residents keep their keys in their possession for security purposes. Loss of room keys and/or building access cards will result in a \$100 service and replacement charge for each key.

Loss

LSCC is not responsible for lost, stolen or damaged personal property. We encourage residents to have homeowner's/renter's insurance or make sure they are covered under their parents' policy. Thefts should be reported to a Resident Assistant and Residence Hall Manager as soon as discovered.

Damages

Assigned residents will be responsible for any loss or damage to their assigned area or to the furniture, fixtures and equipment and for any damage or loss caused by resident(s) to any part of the Residence Hall. Furniture in the resident's room and public areas of each hall may not be removed or altered.

Residents accept responsibility for their rooms and furnishings as of the date of occupancy and are responsible for any damages subsequent to that date, including those caused by visitors. Charges will be assessed and placed on the student's account and must be paid prior to the release of transcripts for the current term or enrollment for the next term.

Where individual responsibility cannot be determined, residents sharing common facilities (lounges, laundry room, hallways, community bathrooms, etc.) will share equally in the cost of any damage.

Decorations

Residents are encouraged to personalize the interior of their assigned rooms. Limited personalization that does not permanently alter or damage the room is permitted. To assure conformity with current policies and procedures, residents must submit plans for personalization in advance to the Residence Hall Office for approval.

The following guidelines have been established for safety and to help students avoid year-end damage charges:

1. Items should be attached to walls with poster putty or similar products approved for painted surfaces. Double-sided or duct tape should not be used, because they are difficult to remove and damage painted surfaces.
2. Painting room walls or furniture is not permitted.
3. Students are not permitted to run electrical cords through doorways to light hallways and door frames, as this is a fire hazard.
4. Personal decorations will be limited to within 2 feet surrounding a person's door.
5. Decorations in the hallways should not block the hallway, nor should decorations hang from the ceiling or across the hallways.
6. "Chalking" or otherwise defacing walls in the hallways is strictly prohibited.
7. Floor decorations are at the discretion of the RA or Residence Life staff.
8. Students posting decorations in public areas are encouraged to be mindful of the impact of their decorations on the community. Decorations, images and messages will be representing the floor to others. Students are encouraged to make responsible and well-reasoned decisions about content before decorating.
9. The Residence Life staff reserve the final judgment of objectionable decorations in public areas.
10. Charges will be assessed for any damages occurred in the rooms. Students should be referred to the Housing and Residential Hall Director for specific charges.

Visitors

Visitors are required to sign-in and sign-out and leave picture identification with residence hall staff at the lobby desk. The resident must accompany the visitor at all times. The resident must come to the lobby desk to receive the visitor. The resident must return to the front desk with the visitor upon exiting the building.

Visitors must remain in the room which they have indicated (at the front desk) that they will visit. The resident has the right to refuse a visitor. No visitors are allowed unless a RA is on duty.

Open Visitation (Evening)

Open visitation (visitation between those of the opposite sex) in the residence hall is allowed **only** under the following guidelines established for the College:

1. Open visitation hours are granted from 6:00 p.m. until 10:30 p.m. daily. Only registered Lawson State Community College students and approved guests will be allowed to visit in the Residence Hall. Guests must be at least 18 years of age or a member of the student's immediate family or guests approved by the Resident Manager.
2. Guests must check in at the reception desk when an RA is on duty. The RA must notify the host resident that he/she has a guest. The resident and guest must sign the register approving the guest and accompany the guest to his/her room. **Host residents and guests will be required to leave an ID with the RA.** The guest's ID will be exchanged for a *Residence Hall Guest ID*. **NOTE: One of the following is acceptable ID for non-students: a valid driver's license, college-issued student ID or some other government-issued form of identification. The Resident Manager has final authority in validating ID.**
3. Upon receipt of the card, guests will use the *Residence Hall Guest ID* to sign into the Accutrack guest system. At the end of the visit, the guest must sign out of Accutrack and return the card in order to retrieve their ID.
4. **No guests will be allowed visitation unless an RA is on duty. Thus, visitation is contingent upon the presence of an RA or Resident Manager.**
5. The Residence Hall Host Resident is **responsible for the conduct** of his/her guest(s).
6. Guests must remain in the room that they have signed in to visit. There should be no more than two guests per resident at any given time. (Note: If it is determined by the RA and/or Resident Manager that the number of guests in the room poses a safety hazard, then the visitation must take place in the lounge or some other common area.)
7. Visitation in a room of a host student who has a roommate **must** be with the **roommate's consent** and must **not** impose an undue burden or unreasonable infringement upon the privacy and privileges of the roommate. Conflicts regarding visitation will be mediated by the Resident Manager.
8. Guests are limited to occasional visits and should not be extended or routine occurrences.
However, overnight guests (of the same sex) are permitted on the basis of space availability. They must be approved by the **Resident Manager** and with the consent of the host student's roommate. The host resident is responsible for actions of their guests.
9. Any guests violating these guidelines may be permanently barred from any future visitation in the Residence Hall.
10. Any violation of the provisions of this visitation policy by residents may result in:
 - a) temporary suspension of visitation privileges for a minimum of two weeks;
 - b) permanent revocation of visitation and/or dismissal from the residence hall;
 - c) referral to the College's Disciplinary Committee for further action.

Safety, Security and Liability

With the exception of the main entrance, all doors of the residence hall will be secured at 11:00 p.m. All residents must enter and leave through the main entrance after 11:00 p.m. Propping open exterior doors to the residence hall is strictly forbidden. All residents share in the responsibility for security of the residence hall. All residents should close doors and report any doors found propped open, at any hour, to security. **Any resident caught breaking this rule may be subject to immediate suspension from the residence hall. All exterior, entrance, lobbies and hallways are under electronic surveillance.**

Residents are responsible for keeping their rooms locked at all times and for security of their keys.

Emergency safety procedures are established for the residence hall. Residents should become familiar with the safety procedures for the residence hall and respond immediately when an emergency exists.

Missing Student Policy and Procedure

Lawson State Community College's policy on Missing Student Policy complies with the Higher Education Opportunity Act of 2008 and applies to students living on campus (residential students). For the purposes of this policy **a student may be considered to be a "missing person" if the person's absence from campus is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence.** Such circumstances could include, but not be limited to, a report or suspicion that the person may be a victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, has been with persons who may endanger the student's welfare, or is overdue to return to campus and is unheard from after giving a specific return time to friends or family.

1. Any individual on campus who has information that a residential student may be a missing person must notify the Dean of Students. Residence hall staff will contact the Director of Housing and Residential Life who will immediately contact the Dean of Students.
2. The Dean of Students will gather all essential information about the missing resident student from the reporting person, from the student's acquaintances and from college personnel and official college information sources. Such information will include a physical description, cellular phone number, clothes last worn, where the student might be, who the student might be with, vehicle description, information about the physical and emotional well-being of the student, an up to date photograph, a class schedule, when last attended class, etc.
3. Appropriate campus staff including the Dean of Students will be notified to aid in the search and location of the student. Contact with the student should be attempted using text messaging, cellular phone calls, and e-mail.
4. If search efforts are unsuccessful in locating the student in a reasonable amount of time OR it is apparent immediately that the student is a missing person (e.g. witnessed abduction), OR it has been determined that the student has been

missing for more than 24 hours, the Dean of Students will contact the College's Chief of Safety and Security who will contact the appropriate local law enforcement agency to report the student as a missing person. Law enforcement will take charge of the investigation with assistance from college officials.

5. No later than 24 hours after determining that a residential student is missing, the Dean of Students will notify the emergency contact previously identified by the student (for students 18 and over) or the custodial parent/guardian (for students under the age of 18) and advise that the student is believed to be missing.

Be sure to alert your RA or the Resident Manager if will be away from your room or campus for 24 hours. Also, alert your RA, Resident Manager, or Campus Police if you believe that your roommate is in danger or has been away for more than 24 hours.

Emergency Contact and Missing Student Form

Upon check-in, all students living on campus (residential students) should complete and submit an *Emergency Contact and Missing Student Form* to the Resident Manager to identify an individual(s) to be contacted within 24 hours in the case that student is determined to be missing. The student should also include contact information for the family and/or friends who should be contacted in case you are determined to be a "missing person". Included in this information should be: contact's name, relationship to the student, telephone number, and cell phone number. Residential students are encouraged to list multiple contacts.

Solicitors and Vendors

Soliciting, including solicitation by students and student groups, is not permitted on campus without prior written authorization from the Office of Public Relations and Community Affairs. Students who have difficulty with salespeople should contact Campus Security, immediately.

Room Inspections

The Residence Hall rooms are subject to a periodic health, safety and maintenance inspection by members of the Residence Hall Staff. Other than an emergency situation, the resident(s) of the room being inspected should be given prior notification of the inspection. The Residence Hall Manager or Resident Assistant(s) should be present during the security and room inspections.

If deemed necessary and advisable for safety, security and maintenance of an educational atmosphere, a room may be inspected without warning when there is evidence of a potential safety, security or policy violation related to that room or resident and the inspection is approved by the Housing and Residential Hall Director.

Campus Police Jurisdiction

The College reserves the right for its officials to make fire, health, safety and energy conservation inspections of the residence hall rooms. Having probable

cause, the campus police officers are authorized to enter and inspect any room in any campus building, including the residence hall rooms.

Campus police officers are authorized to eject any person(s) who is in violation of campus and housing policies and procedures. Without a warrant, campus police officers are authorized to search and seize, detain or arrest any person(s) who is in violation of Title 13A of the Alabama Criminal Code.

DISCRIMINATION/HARASSMENT POLICY

Lawson State Community College (the "College") does not authorize and will not tolerate any form of discrimination or harassment of or by any employee (i.e., supervisory or non-supervisor) or non-employee based on race, sex, religion, color, national origin, age, disability or any other factor protected by law. An employee's race, may not be considered as a basis for making any employment decisions regarding the employee, including but not limited to, any decisions relating to hiring, promotion, training, job assignments, compensation, discipline, discharge, and other terms and conditions of employment.

It is the College's policy that all employees and students have the right to work and learn in an environment free of discrimination, which encompasses freedom from any form of harassment. This includes the behavior or peers, superiors, subordinates, and visitors to the premises. Such conduct by an employee may result in disciplinary action up to and including dismissal.

Harassment

Harassment is abusive or hostile conduct which is directed toward or inflicted upon another person because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran's status and which, because of its severity or pervasiveness, unreasonably interferes with an individual's work or academic performance or creates a hostile or abusive work or learning environment for that individual's work, education, or participation in a [college] activity. Harassment is typically based on stereotyped prejudices and includes, but is not limited to, slurs, jokes, objectionable epithets, or other verbal, graphic, or physical conduct that demeans, insults, or intimidates an individual because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran status (UA, 2012).

Lawson State has a *zero tolerance* for discrimination (of any kind) and is committed to providing all students and employees with a safe and healthy working and learning environment that is free from all forms of illegal harassment and discrimination, including sexual harassment, sexual violence, sexual assault, sexual coercion, domestic violence, rape, bullying, and hazing. Please see the College's *Student Catalog and Handbook* which outlines these policies against harassment of any kind on the campus of Lawson State or during any official Lawson State sponsored event.

Sexual Harassment

Title IX of the Education Amendments of 1972 (Title IX) prohibit discrimination based on sex in any educational program or activity that receives financial support from the Federal government. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of employment or academic advancement; (2) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's performance as an employee or student or creating an intimidating, hostile, or offensive working or learning environment (UA, 2012).

Retaliation

In addition to prohibiting discrimination based on sex, including sexual harassment, sexual violence, and sexual assault, Title IX also prohibits retaliation against individuals who complain about or participate in an investigation regarding an alleged Title IX violation. Retaliation against persons who oppose, complain, seek a grade appeal or file a grievance or any other issue is strictly prohibited on the campus of Lawson State. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as making a complaint or appeal or grievance, or assisting in a complaint or appeal or grievance investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a complaint, an appeal or grievance or participating in said investigation (UA, 2012).

All inquiries concerning the application of policies for the prevention of sexual harassment and sexual violence under Title IX should be reported immediately through Lawson State's online (24/7). Using *Quick Links* on the College's website (www.lawsonstate.edu), click on the *Title IX Information & Reporting Complaint/ Incident Reporting System* link. When a Title IX Complaint is filed involving sexual harassment, sexual violence, bullying, etc..., Lawson State Coordinators are immediately alerted college-wide

Other Harassment and Discrimination

Statements, behavior or the display or use of words, objects or pictures that others could interpret as being insulting, derogatory or slurs towards persons based upon their race, color, national origin, religion, sex, age, disability or any other factor protected by law are also prohibited by this policy. Also prohibited are statements or actions that are threatening, intimidating, vulgar, or hostile. Such conduct may make a reasonable person uncomfortable in the work or educational environment or could interfere with an employee's or student's ability to perform his or her job or academic pursuits, regardless of whether the actions are from a fellow employee, supervisor, student or visitor.

Comments or actions of this type, even if intended as a joking matter among friends are always inappropriate in the work place and will not be tolerated. The conduct forbidden by this policy specifically includes, but is not limited to (a) epithets, slurs, negative stereotyping, kidding, teasing, joking or intimidating acts that are based on a person's protected status, and (b) written or graphic material circulated within the workplace or educational environment that shows hostility toward a person or group because of a person's protected status or characteristic(s).

No employee or student should participate in such behavior and every supervisor/instructor must take immediate action to stop those who are known to be or suspected of being involved in such conduct. The supervisor or instructor must also contact and report the information to the Director of Human Resources.

How to Report Instances of Alleged Discrimination or Harassment

An employee or student who has a complaint or concern relating to any form of discrimination or harassment, or abusive, taunting or demeaning behavior, including concerns about such conduct from **non-employees**, should report the conduct of any one of the following: his or her supervisor, the Dean of Students, Mr. Darren Allen at dallen@lawsonstate.edu or (205) 929-6361) 510, or Director of Human Resources, Mrs. Janice McGhee at jmcgee@lawsonstate.edu (205) 929-6313. If a complaint involves a manager or supervisor, the complaint should be filed directly with Mrs. McGhee. An employee or student should report any such behavior or concerns even if the behavior complained of is not directed toward the employee who reports it. It would be a violation of this policy for an employee to make a complaint in bad faith.

How the College Will Investigate Complaints or Instances of Alleged Discrimination or Harassment

Complaints or instances of alleged discrimination or harassment will be investigated by the College in a timely and confidential manner. The investigation will be conducted as impartially and confidentially as possible. In no event will information concerning a complaint be voluntarily released by the College to third parties or to anyone within the College who does not have a business need to know or who is not involved with the investigation. At the conclusion of the investigation, the College will advise the complaining employee or student of the results of the investigation and any disciplinary actions to be taken, if any.

Investigation of a complaint and/or instance of alleges harassment or discrimination will normally include conferring with the parties involved and any named or apparent witnesses. Employees shall be given impartial and fair treatment. All employees, as a condition of their employment, are required and agree to cooperate fully with any investigations, including disclosing all facts and evidence and identifying all witnesses and acts of wrong doing.

If it is determined that an instance of harassment or discrimination occurred, the College will take appropriate disciplinary action against the offender based on the severity of the harassment and the individual's employment history. Disciplinary action may include a written warning, suspension, demotion, and/or termination of employment.

No Retaliation

It is also a violation of this policy for anyone to retaliate, threaten or seek any type of reprisal against an individual acting in good faith who reports discrimination or harassment or who participates or cooperates in an investigation regarding discrimination or harassment. If an employee believes that reprisal, intimidation or retaliation has occurred, it should immediately be reported to the supervisor or the Mrs. Sharon Crews, Vice President for Administrative and Student Services (screws@lawsonstate.edu). Anyone who feels that the College has not met its obligations under this policy should contact Mrs. Crews.
